Experience

Zenith Flow Tech

Head of Product & Design Strategy

Oct 2024 – Present | 10 Month

- Spearheaded the entire product design lifecycle, from initial sales query to development handoff, for websites, web applications, and mobile apps.
- Conducted in-depth business analysis, including research, proposal creation, and comprehensive Functional Specification Document (FSD) development.
- Designed detailed wireframes, all types of flowcharts, and created intricate logics and high-fidelity UI designs.
- Presented and explained approved designs to sales teams, ensuring clear understanding and alignment.
- Managed complete project handoff to development teams with comprehensive presentations, providing strategic guidance and technical support as needed, leveraging a strong development background and experience assisting the Production Head.
- Served as the primary point of contact for client queries, providing expert responses and solutions.
- Led the design department, overseeing and actively contributing to the creation of web banners, logo designs, social media posts, and all other print/digital media designs.
- Assigned tasks to the design team, managed their workflow, and ensured timely, high-quality deliverables.
- Handled all communications with the QA team, addressing queries and ensuring seamless product quality.

Avidhaus Pvt Ltd

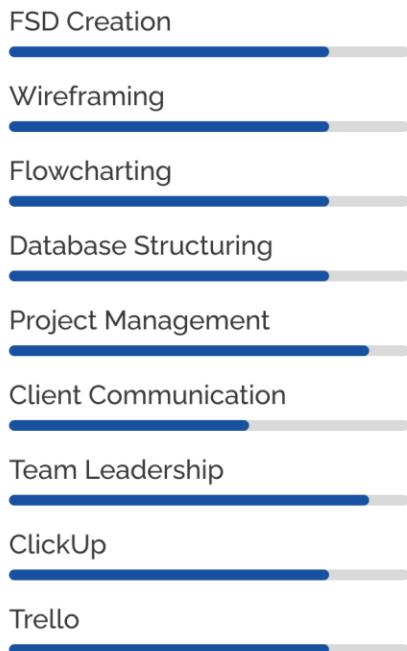

Senior Digital Consultant (Remote Part-Time)

Aug 2024 – Present | 11 Month

- Led UI/UX design initiatives for websites, focusing on intuitive and aesthetically pleasing user experiences.
- Developed and executed email marketing campaigns using GetResponse and Zoho.
- Designed engaging social media posts and digital content to boost online presence.
- Managed Laravel-based website maintenance and development, ensuring smooth operations.
- Provided strategic guidance and oversight to the design team, ensuring high-quality outputs.

Project & Collaboration

Experience

Software Architect

Progziel Technologies

Jul 2024 - Oct 2024 | 4 Month

- Created FSDs and secured client approval before development.
- Developed low-fidelity wireframes and flowcharts to map user journeys.
- Designed UI screens and documented actions/routes for each screen to ensure clarity.
- Resolved client queries promptly and effectively.
- Collaborated with the development team, explaining project requirements and design specifications.
- Led the design team, overseeing UI/UX design, graphics, social media, presentations, and documentation.

Bizz World Communications

Manager of Design Department

Jul 2021 - May 2024 | 2 years 11 months

- Provided strategic direction and mentorship to the design team.
- Led the creation of over 100+ website UI designs using Photoshop and Figma.
- Developed branding materials, including logos, business cards, and company profiles.
- Designed print graphics and promotional materials, such as posters, flyers, and brochures.

Lead Graphics and UI/UX Designer

Jul 2020 - Jul 2021 | 1 year 1 month

- Designed and developed intuitive and engaging website UIs., ensuring seamless user experiences with tools like Photoshop and Figma.

Senior Graphics Designer

Jan 2020 - Jul 2020 | 7 months

- Oversaw both print and digital media graphics, including promotional materials such as posters, flyers, and brochures.

Vector Artist

Jul 2019 - Dec 2019 | 6 months

- Specialized in tracing vectors using Illustrator.

Other

Aptech, Surjani Campus

Teacher of Graphics & UI (Part-Time)

Jan 2024 - Mar 2024 | 3 months

- Conducted short courses on graphics and UI design, focusing on Photoshop, Illustrator, and Figma. Provided hands-on training for 2 hours daily, emphasizing practical skills and industry best practices.
